- 100% safe on all ironable garments
- OptimalTemp: The perfect combination of steam & temperature

PHILIPS

Highlights

OptimalTemp

One perfect setting for all your clothes. Always the perfect combination of steam & temperature because: 1) Advanced Smart Control Processor sets the perfect combination of steam & temperature 2) The ultra powerful cyclonic steam chamber delivers powerful constant steam for all your fabrics

100% easy to use

100% easy to use, no adjustment required. You can now iron all ironable garments one after the other, without having to wait or to adjust the iron's temperature dial.

100% safe

100% safe on all fabrics even the most delicate like silk, cashmere, wool, polyester.

Independent iron testing institutes have used PerfectCare on the most sensitive ironable garments and they confirmed the excellence of ironing results.

100% fast

100% fast on the toughest fabrics, no other steam generator is faster from start to finish.

Up to 5 bar pressure

Up to
5 bar

The more steam, the faster the ironing. Consistent powerful steam is generated which penetrates deep inside the garments making ironing faster and better. Steam power can be regulated to fit your needs.

2.2L fully visible water tank

PerfectCare Aqua is with this unique feature: large water tank; it ensures long hours ironing without refill of water tank. It helps make ironing session easier and faster. Excellent design of the fully visible water tank, makes sure you could see through the water level from any angle where you look.

Safe rest

The Philips innovative OptimalTEMP technology guarantees no burn on all ironable fabrics. During ironing, no need to put your iron back to the base station, just leave the hot iron soleplate directly on the garments or cotton ironing board cover without additional resting accessory. It will not damage any of your ironable garments, neither the board. This makes your ironing easier with less wrist efforts.

Easy De-Calc

Ultra long lasting steam performance: Philips' exclusive Easy De-Calc function provides the ideal way to get rid of limescale and extend the lifetime of your steam generator iron. Your iron will remind you with light and sound when to perform cleaning. Only when your appliance is cold, simply open the Easy De-Calc knob, and collect the dirty water and scale in a cup.
