Highlights

4 beverages with one touch
Enjoy 4 popular coffee recipes: from classic espresso and regular black coffee to cappuccino with the prefect crema, aroma and temperature. Hot water for tea is also available.

Easy coffee selection and customisation
Easily select your favourite drinks thanks to the modern touch screen display with coloured icons. Adjust your coffee your way with the My Coffee Choice function: choose your preferred coffee strength, length and milk froth level, just to your taste.

LatteGo milk system
At the touch of a button, LatteGo automatically prepares silky-smooth milk froth for your milky coffees, thanks to its powerful cyclonic frothing technology, even with your favourite plant-based milk alternatives.

Fastest milk system to clean ever*
LatteGo is the fastest milk system to clean with only 2 parts, no tubes and can be cleaned in 10 seconds under the tap or in the dishwasher. Philips is not offering automatic cleaning as it requires complementary cleaning.

Quiet coffee making with SilentBrew
Quietly prepare aromatic coffee thanks to our industry-leading SilentBrew technology, which uses sound shielding and quiet grinding to create a pleasant coffee-making experience. Certified by Quiet Mark.

100% ceramic grinders
Bring out the full flavour of your coffee with our hard-wearing ceramic grinder. The durable ceramic grinder can be adjusted in 12 steps, from fine to coarse grindings.

Effortless, inspired coffee with Coffee+ App
The irresistible taste and aroma of coffee from fresh beans is just one touch away. Our intuitive touch display allows you to easily select your favourite coffee.

AquaClean filter
By changing the filter after being prompted by the machine, you will not need to descale your machine for up to 5000 cups**, while enjoying clear and purified water.
