Highlights

LCD VGA display, 640 x 480p
This VGA display with state-of-the-art LCD screen technology has an enhanced resolution of 640 x 480p.

Crystal Clear
Combining picture enhancements like Contrast plus and colour improvement, Crystal Clear improves picture depth.

Active Control
Active Control ensures that noise and sharpness improvements are continuously made at a rate of 60 times per second. By continually adjusting the picture setting over 3000 times per minute, Active Control Plus ensures that the viewing experience is optimised.

Virtual Dolby Surround
Virtual Dolby Surround is a processing technology for enhancing surround sound effects. It will create the sensation of Dolby Pro Logic without the necessity of additional rear speakers. You become totally immersed in your television experience.
Compact design
Compact design

PC input
With PC input you can connect your TV to a computer and use the TV as a PC monitor.

Smart Picture

Mode | Bright | Standard | Soft

Smart Picture provides the optimum picture settings for colour, brightness, saturation, contrast, sharpness and so on, to enhance your overall viewing experience at all times.

Smart Sound

Mode | Classic | Rock | Jazz | Sports

Smart Sound provides the optimal sound settings for ultra bass, bass, treble and balance so that you can get the best entertainment experience.

10-page Smart Text
Teletext is a common system transmitted by most broadcasters. The 10-page smart text feature gives you fast access to information when changing pages.
