- Product Dimension (LxWxH): 468x377x30 mm
- Net weight: approx. 590g
- Color: Dark blue

Main parameters

- Working voltage: 3.7 V
- Working power: 15 W
- Battery: 5000 mAh

- Charging current: 2 A
- Charging port: USB Type-C
- Charging voltage: 5 V

Country of origin

- Made in: China

Service

- Warranty period: 2 years

Highlights

6-area VibWave vibration massage for relaxation

The VibWave massage uses a high frequency vibration which goes deeply into muscle and relax muscle tissues efficiently.

Constant temperature hot compress

With temperature sensors built-in, the well controlled massage module provides a relaxing hot compress to improve the muscle blood circulation.

3DSuit stereo cut assists shoulder muscles

The stereo cut body fits your back well and the elastic strips help to reduce the burden of your shoulder muscles and straighten your back.

New support frame design

Upgraded support design with a frame that fits the spine. The wrap around support strap makes the massager more suitable for each individual's shoulders and back. It gives you a more comfortable wearing feeling and stronger support.

Smart posture sensor

The built-in posture sensor can work a whole day, providing a kindly reminder when bowed back is detected. Users can gradually get used to a healthier habit to keep back straight when sitting and standing.

Anti-bacterial and splash-proof fabrics

The device is made of fabrics treated with Nano technology. The anti-bacterial ingredients prevents the device to get smelly or harbor germs after use. The splash-proof layer keeps most dirt away and makes it easy to clean.
