Adjusts the suction of your breast pump

Check for compatibility below

The breast pump motor unit learns your desired rhythm after two presses and then repeats the rhythm automatically. The handle allows you to adjust the pressure, so you can find the suction that's right for you.

Ease of using Philips spare parts

- Easily renew your product with original Philips parts

Highlights

Easy replacement of product parts

From time to time your product needs a facelift, and with Philips consumer replacement parts to renew your product, it's never been so easy! All this with guaranteed Philips quality.
