Philips OLED
4K Ambilight TV

139 cm (55") Ambilight TV

P5 AI perfect picture engine
Dolby Atmos sound
Google TV™

55OLED888

Gorgeous. In every way.

4K Ambilight TV

From films to shows, the lifelike picture and full-bodied sound of this OLED TV combine with Ambilight's immersive halo to give you an exceptional experience. The polished, razor-thin stand and leather-backed remote bring elegance too.

4K OLED Ambilight TV. Designed to mesmerise.

- More immersive than ever. Ambilight TV.
- Premium design. Packed for the future.
- OLED EX panel. Higher peak brightness and thinner bezel.
- Whatever you watch, a picture so real. P5 engine with AI.
- Bright OLED screen. See every detail even in a well-lit room.

Extraordinary detail. Flexible sound.

- Cinematic vision and sound. Dolby Vision and Dolby Atmos.
- Supports all major HDR formats.
- Bring IMAX home. IMAX Enhanced certified.
- Philips Wireless Home System powered by DTS Play-Fi

Seamless in every way.

- Voice control. Google Assistant. Works with Alexa.
- Epic gaming. 120 Hz, ultra-low lag, G-sync, VRR, FreeSync.
- Entertainment you love, with a little help from Google.

PHILIPS

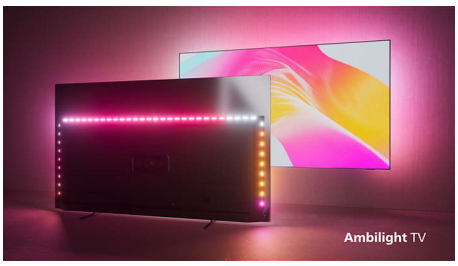
4K Ambilight TV

139 cm (55") Ambilight TV P5 AI perfect picture engine, Dolby Atmos sound, Google TV™

55OLED888/12

Highlights

Next-gen Ambilight

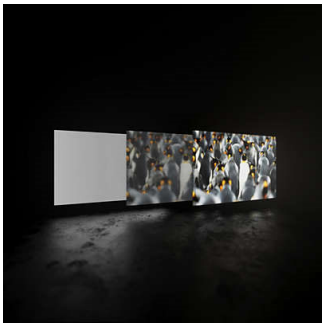


With next-gen Ambilight, LEDs behind the screen immerse you in a halo of colourful light that's more detailed, better defined and more in sync with the action than ever! Plus, you can liven up a blank screen with the Aurora-curated collection of images and videos, which look great with Ambilight.

P5 AI perfect picture engine

Philips P5 processor with AI delivers a picture so real it feels like you could step right into it. A deep-learning AI algorithm processes images in a manner similar to the human brain. No matter what you're watching, you get lifelike detail and contrast, rich colour and smooth motion.

Bright OLED screen



The bright panel and lifelike picture of your 4K (UHD) OLED Ambilight TV means you'll see deep blacks, not gray—and the smallest details leap from the shadows and bright areas. The picture looks incredible even if viewed at an angle, and you won't need to turn down the lights! All major HDR formats are supported.

OLED EX panel technology

OLED EX panel. Higher peak brightness and thinner bezel.

Premium design

The satin-chrome swivel stand makes placement a breeze while the dark metal frame and zero-bezel design lend a real sense of style. The remote is backlit for ease of use. Our TV packaging uses FSC-certified recycled cardboard, and our printed materials use recycled paper.

IMAX Enhanced

Welcome to Hollywood! Your Philips OLED TV lets you experience the full impact of films originally made to play in IMAX cinemas. Feel immersed with a far greater sense of scale. See more in every scene. Combined with Ambilight, you're in for a film night to remember.

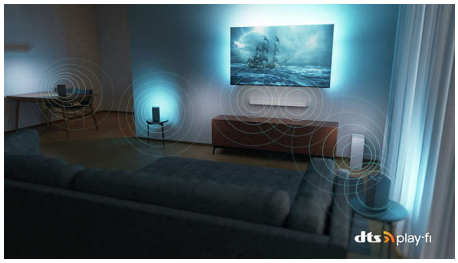
Dolby Vision and Dolby Atmos

With Dolby Vision and Dolby Atmos on board, your films, shows and games look and sound incredible. See the picture that the director wanted you to see — no more disappointing scenes that are too dark to make out! Hear every word clearly. Experience sound effects like they're really happening around you.

HDR supported

Supports all major HDR formats.

DTS Play-Fi



Philips Wireless Home System powered by DTS Play-Fi lets you connect to compatible soundbars and wireless speakers around your home in seconds. Listen to movies in the kitchen. Play music anywhere. You can even create a home-cinema surround-sound system using your Philips TV as a central speaker.
