- Convenient charging

A clean shave
- ComfortCut Blades for a comfortable, clean shave

Skin Protect technology
- 3D Floating Heads follow your face for a comfortable shave
- Wet and dry shaving at the sink or in the shower

Sustainable

Highlights

ComfortCut Blades

27 self-sharpening blades comfortably cut each hair right above skin level for a smooth, even finish, every time. Our self-sharpening blades stay like new for 2 years.

Wet and dry shaving

Choose a convenient dry shave, or pair with your favorite foam or gel for a refreshing wet shave, even in the shower.

3D Floating Heads

Floating heads flex in four directions tomaintain even contact with your skin protecting it from nicks & cuts.

Suitable for head shaving

The shaver is designed to be a versatile solution that allows you to confidently shave both your face and head

Anti-Corrosion Shaving System

Our shaver blades are made from surgical-grade hypoallergenic steel to resist corrosion, prevent impurities, and protect your skin.

Pop-up trimmer

Refine and define your mustache and sideburns to complete your look with the pop-up trimmer.

One-touch open

The shaver head flips open at the touch of a button to rinse clean under running water.

### 40 minutes of cordless shaving (1h)

In just an hour, the durable NiMH battery is fully charged for about 13 shaves. In a hurry? A 5-minute quick charge gives you enough power for one shave.

Ergonomic grip

Never lose your grip. The ergonomic handle with rubber stays secure and comfortable, even when wet.

Battery indicator

Don't get caught with an empty battery. The battery indicator lets you know if the battery is low, empty, or charging.

Highlights

USB-A Charging

At Philips, we drive sustainability in all aspects of product creation. Our ambition is to reduce waste and minimize the number of USB adaptors we put in the market. Should you need an adapter, a suitable supply unit is available via: www.philips.com/support

Made with care for the planet

The packaging of this shaver is plastic-free and made out of 90% recycle material, while our blade production facility uses 100% renewable electricity.

Waterproof (IPX7)

Rinse under running water or shave in the shower. The IPX7 waterproofness rating means it can be submerged in one meter of water for up to 30 minutes.
