With ShoulderWings  
PerfectFlow cover

GC260/05

## 8 Clever solutions for truly easy ironing

With unique ShoulderWings and PerfectFlow cover

The ironing board plays an important role in the ironing experience. With the new Philips Easy8 ironing board, we've thought about every detail to make your ironing truly easy. The board includes 8 clever solutions that solve all ironing hassles

### Fast ironing

- Easy shirt ironing: unique ShoulderWing System
- Iron more in one go: XL board shape and XL iron tray
- Smooth ironing without water drips on the floor
- 10% faster ironing with PerfectFlow\*
- 3D textile for enhanced steam flow and faster ironing

### Convenient ironing

- Clothes hanger
- 1 kg lighter\*
- Ironing with 78% less noise\*

### Safe ironing

- Designed for stability: transport lock and feet caps

**PHILIPS**

# Highlights

## 1 kg Lighter

The ironing board is now 1 kg lighter compared to the previous version for more convenient movement before your ironing session

## Wider steam distribution

The PerfectFlow layer gives 10% wider steam distribution for faster ironing

## Clothes hanger

No need to look for a place around you to hang your freshly ironed shirts. You can hang garments directly after ironing on the convenient hanging rail.

## Transport lock and feet caps

Transport lock prevents accidental collapsing of the board during ironing and also keeps the board closed during storage. The ironing board is supported by a double-leg construction with anti-slip feet caps that provides extra stability.

## XL Board and XL Tray

Iron more in one go with the Philips XL board shape (120 x 45 cm). It is also ideal for ironing big items such as bed linen and tablecloths. The stable and extra-large iron tray is perfect for steam generators. It is also heat resistant and can be safely used with steam irons.

## Ironing with 78% less noise

The ironing experience is more convenient with the ironing board cover that provides

quieter ironing with a 78% noise reduction in sound power versus a multilayer board cover

## AquaBlock anti-drip cover

AquaBlock is a unique technology that prevents condensed steam from dripping onto the floor, making this board cover the ideal ironing surface for steam generator irons.

## Unique ShoulderWing System

With the unique ShoulderWing system, shirt ironing is easier than ever. This innovative system helps you iron shirts with little rearranging, saving you time and effort. The retractable ShoulderWing System can be opened and closed, depending on the type of garment to be ironed.

# Specifications
