

Philips 9000 series Smart LED TV

132 cm (52") Full HD 3D Max DVB-T2/C

#### 52PFL9606T

# Award winning performance

### 3-sided Ambilight and the best picture quality

Awarded Best LCD TV by EISA for the last 10 years, the 9000 series brings innovation in picture and connectivity. Perfect Pixel HD Engine and LED Pro give you the most true to life images. Ambilight and 3D Max bring movies to life.

#### Intensify your viewing experience

- Ambilight Spectra XL, a new Ambilight for more immersion
- 3D Max for a truly immersive Full HD 3D experience

#### **Enjoy the online world with Smart TV**

- Integrated Wi-Fi to use Net TV apps and SimplyShare wireless
- · A wealth of online apps, videos to rent and catch-up TV
- · Control the TV with your smart phone, tablet or keyboard
- With SimplyShare, enjoy photos, music and films on your TV
- Wi-Fi MediaConnect to view all films from your laptop on the TV

#### Award-winning picture and sound performance

- Full HD TV and Perfect Pixel HD Engine for unrivalled clarity
- FULL HD LED Pro for the world's most vivid 3D images
- 1000 Hz Perfect Motion Rate (PMR) for superb motion sharpness
- Perfect Natural Motion for ultra-smooth Full HD movies
- 40 W SoundStage for a dynamic, powerful sound in an ultra slim TV

## Highlights

#### **Ambilight Spectra XL**

Expand your viewing experience with Ambilight Spectra XL. This patented Philips technology enlarges the screen more than ever before by projecting a glow of light from the back of the TV screen onto the surrounding wall. Ambilight automatically adjusts the colour and brightness of the light to match the TV picture. Thanks to the wall-adaptive function, the colour of the light is perfect, regardless of your wall colour.

#### 3D Max

Be enthralled by 3D movies in your own living room with the 3D Max. The combination of the fast display and Active shutter glasses bring real-life depth in Full HD resolution. Now all 2D content can be experienced in 3D and you can even control the depth of the 3D to your liking. Your TV is ready for the 3D Max experience — just add the 3D Max glasses.

#### Perfect Pixel HD

Experience unrivalled sharpness and clarity with Perfect Pixel HD Engine. Each pixel of the picture is enhanced to better match the

surrounding pixels. The result is a unique combination of sharpness, natural detail, vivid colours, superior contrast and smooth natural motion. Clean and razor sharp images come from artefact and noise detection and reduction in all content sources. The Full HD screen with 1920x1080 pixels produces brilliant flicker-free pictures with superb brightness.

#### **Full HD LED Pro**

Full HD LED Pro delivers extreme contrast and the world's most vivid 3D images. Enjoy breathtaking pictures and use up to 50% less energy with Philips award winning LED Pro! In the thin display backlight, over 1000 LEDs generate the brightest white as well as the deepest black. Combined with the powerful Perfect Pixel HD Engine, the result is a stunning picture with extreme contrast, sharpness and vibrant colours.

#### 1000 Hz Perfect Motion Rate

1000 Hz Perfect Motion Rate (PMR) creates extreme motion sharpness for clear and vibrant images in fast action movies. The new

Philips PMR standard shows the combined visible effect with the fastest panel refresh rate, Perfect Natural Motion and unique processing formula, for unprecedented motion sharpness.

#### **Perfect Natural Motion**

Enjoy the action without any judder. Perfect Natural Motion estimates motion in the picture and corrects juddering movements in both broadcast and pre-recorded movie material (including 1080p movies and 24p True Cinema on Blu-ray and DVD). The result is even smoother and quieter pictures with excellent sharpness. Enjoy motion performance that surpasses cinema quality!

#### 40 W SoundStage

Philips SoundStage with 40 W RMS output power is far more dynamic and powerful than anything heard on LCD TVs today. Now we can combine an ultra thin design with powerful TV sound. The TV stand houses an advanced ultra-thin speaker system. It combines deep, warm bass with excellent clarity. Also, in the wall-mount position you can enjoy the excellent sound experience, thanks to advanced processing corrections. Enjoy great sound and a thin design.

## Specifications

- · Ambilight Features: Wall colour adaptive, Lounge
- Ambilight Version: Ambilight Spectra XL

#### Picture/Display

- Aspect ratio: 16:9
- Diagonal screen size (inch): 52 inch
