- Steam output up to 55g/min for faster crease removal

PHILIPS

Highlights

OptimalTEMP technology

Thanks to OptimalTEMP technology, we guarantee this iron will never cause burns to any ironable fabric and you can iron everything from jeans to silk, from linen to cashmere safely, in any order, without waiting for the temperature to adjust or pre-sorting clothes. Philips steam irons with OptimalTEMP makes your ironing easier and faster and has been tested by independent textile experts .

Convenient steam modes

Choose from multiple steam modes. DynamiQ mode delivers the perfect amount of steam automatically when you need it, Max mode blasts stubborn creases with powerful continuous steam, ECO steam mode with minimum constant steam saves up to 20% energy and OFF steam enables you switch off the steam

DynamiQ steam mode

Thanks to DynamiQ sensor, the most advanced motion sensor used in steam irons knows precisely how your iron is moving and when its standing still. DynamiQ steam mode releases automatically perfect amount of steam when its needed during your ironing to get the ironing results faster. The steam automatically starts when your iron is moving and stops when you don't move for ultimate convenience and effortless ironing.

Steam boost up to 240g

Penetrates deeper into fabrics to easily remove stubborn creases.

2400W to heat up quickly

Delivers a fast warm-up and powerful performance to get your ironing done quickly

SteamGlide Plus soleplate

Our exclusive SteamGlide Plus soleplate – with its advanced titanium layer and 6-layer coating – delivers ultimate gliding performance over any fabric. Non-stick, scratch-resistant and easy to keep clean.

Turbo Steam power

Our built-in Turbo Steam pump delivers up to 50% more powerful continuous steam so creases disappear even quicker.

Continuous steam up to 55g/min

Strong and consistent steam output penetrates up to 50% more steam through fabric to remove creases faster.
