Set the beverages to suit your taste

- Adjustable drip tray

 **Saeco**

Highlights

Cup lift

Manually adjustable drip tray to fit every cup size underneath the coffee dispenser

Descaler Warning

Dedicated led to advice the end user that the machine needs to be descaled

Ergonomic day-by-day

Saeco is a synonym for convenience: refilling beans or water, emptying the coffee-dump box or the drip tray, all compartments of the full automatic coffee machine are directly accessible.

Removable brewing group

The brewing group, a Saeco invention, is the heart of our espresso machines, ensuring automation. The brewing group is, depending on the model, easily accessible from the front or side. It can be removed effortlessly for easily cleaning by rinsing under the tap ensuring maximum hygiene.

Classic milk frother

This Saeco espresso machine comes with the classic milk frother that baristas call a "Pannarello". It dispenses steam and is immersed in milk to prepare gorgeous milk foam. Unleash your inner barista by preparing your delicious milk specialties the traditional way!

Saves your coffee length

You will always get a perfect cup of espresso brewed according to your personal preference thanks to our memo function which allows you to adjust the coffee length to suit your taste. Enjoy a superb coffee drink with just the press of a button.
