- · Weight incl. Packaging: 3.35 kg

## **Container Loading**

- Container 20 feet: 860
- Container 40 feet: 1850
- Container 40 feet (HC): 2050

# Highlights

## Hi-Fi stereo VHS

Hi-Fi Stereo VHS plays back true stereo VHS

## **Progressive Scan**

Progressive Scan doubles the vertical resolution of the image resulting in a noticeably sharper picture. Instead of sending a field comprising the odd lines to the screen first, followed by the field with the even lines, both fields are written at one time. A full image is created instantaneously, using the maximum resolution. At such a speed, your eye perceives a sharper picture with no line structure.
