- Easily enjoy local media from your home network
- Enjoy your favorite Netflix content in HD and 4K!
- Watch YouTube videos directly on your big screen TV\*
- 1080p HD Movies On-Demand

# PHILIPS

# Highlights

## 4K UltraHD Connected 4K BDP

With a 4K Ultra HD platform built from the ground up you can rest assured that your 4K Ultra HD Blu-ray player will work flawlessly with other 4K display devices for years to come. Featuring HDMI 2.0/2.0a with HDCP 2.2 and VP9 decoders, your 4K Ultra HD Blu-ray player is built to output glorious 4K HDR content to the latest 4K HDR TVs from 4K HDR Blu-ray discs, streaming media from Netflix and Youtube, and also playback local 4K content from USB and home network multimedia.

## 4K Upscaling

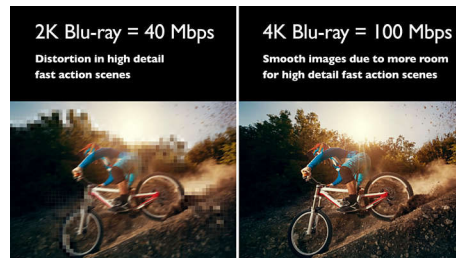

Your Standard Definition and High Definition videos have never looked better. 4K upscaling processor delivers images that are crystal clear. Movies in standard definition and high definition can now be enjoyed in 4K Ultra HD, ensuring more details and more true-to-life pictures.

## High Dynamic Range 4K BDP

High Dynamic Range technology in Blu-ray Players when connected to a compatible 4K HDR television lets you experience more detail and captivating colors for an even more engaging television experience. More perceivable shades of blacks, whites and all other colors. This boils down to greater perceived brightness and contrast with darker shadows creating a breathtaking image.

## Higher peak bitrate 4K BDP

4K Blu-ray format supports more than twice the peak bitrate of 2K Blu-ray which comes in especially handy when watching action movies which have fast paced scenes with a lot of detail. The 100 Mbps peak bitrate of 4K Blu-ray provides enough headroom to store the extra data required to encode high detail fast action scenes and avoid block artifacts.

## Wide Color Gamut (BT.2020)

Wide Color Gamut televisions with BT.2020 video input support, reproduce rich colors almost twice as saturated as a standard television, which look more vivid and life-like to enhance the TV viewing experience.

## Netflix

Enjoy your favorite Netflix content in HD and 4K!

## YouTube videos

Get YouTube videos on your TV now. Enjoy the huge collection of online videos on a larger screen, without even having to turn your computer on. Simply ensure that your Blu-ray player or Home theater system is connected to the Internet, either wirelessly\* or through cables - then sit back and enjoy the best of YouTube.

## vudu Movies & TV

VUDU Movies is the leading HD on-demand movie service, featuring true 1080p HD on-demand, immersive 5.1 surround sound and over 3,000 HD movies available on-demand.

# Specifications
