Authentic and clear sound experience.

- Immersive sound with clear voice designed by sonic emotion
- 16 Watts of clear balanced 3D surround sound

PHILIPS

4000 series LED-LCD TV
32" class/po

32PFL4901/F7

Highlights

720p HD Resolution

720p High Definition Resolution for ultra-sharp images

LED with low power consumption

LED lighting technology is the most advanced available. In this TV it combines an eye-catching minimalistic design with stunning image quality, as well as being the lowest power consumption in its category. Another environmental benefit is that LED lighting technology does not contain hazardous materials. With an LED backlight you can enjoy low power consumption, high brightness, incredible contrast and sharpness and vibrant colors.

120 Perfect Motion Rate

120 Perfect Motion Rate (PMR) creates extreme motion sharpness for clear and vibrant images in fast action movies. The new Philips PMR standard reduces response time of the HDTV to produce faster picture transitions and reduces motion artifacts.

Sonic Emotion Premium

Immersive sound with clear voice designed by sonic emotion. Absolute3D sound fills your surroundings with the right ambience, clarifies voice, and details the sound stage, making your experience more immersive and enjoyable.

Wireless NetTV services

Experience a rich selection of online services with Net TV wirelessly. Enjoy movies, pictures,

infotainment and other online content directly on your TV whenever you like. Wirelessly navigate and select what you want to watch with the TV remote control. The Philips menu gives you access to popular Net TV services fitted for your TV screen.

Netflix and Vudu

Instant access to Netflix and Vudu via the remote

Hotlist and Xumo

Introducing Hotlist and Xumo portals for streaming channels

YouTube [2015]

A lean-back big screen YouTube experience

Pandora [2015]

Enjoy Pandora, the most popular online radio service

USB Multimedia

The USB connector allows access to H.264, AAC, MP3, JPEG and more formats files of most USB-sticks (USB memory-class device). Plug the USB into the slot at the side of the TV and access the multimedia content using the easy on screen content browser. You can now view and share your videos, photos and music.

16 Watts stereo speakers

16 Watts of clear balanced 3D surround sound
