Highlights

Healthy oral development

The Philips Avent My bendy straw cup allows healthy oral development and exercises mouth muscles, building oral strength.* Recommended by dentists* and developed with experts to make it our best straw cup possible.

Ideal for active toddlers

The 10oz cup is the perfect size to keep your child hydrated throughout day and during active times. The flip top design keeps straw clean when out and about.

Bent straw for easy drinking

The lower part of the straw is bent so that the straw easily reaches the liquid which allows you to drink in a natural drinking position.

30-days money back guarantee

If not completely satisfied, return for a full refund within 30 days.

Anti-leak valve and flip top

The straw has an integrated anti-leak valve to prevent spills. The flip top protects the straw and prevents leakage on the go.

Easy to clean and assemble

The Philips Avent My bendy straw cup can be easily assembled and disassembled. All parts are completely dishwasher safe, for your convenience.

BPA free

Our straw cup is made from completely BPA free materials.

Philips Avent compatibility

All Philips Avent bottles and cups are compatible excluding the glass bottles and the My First Big Kid Cups. So you can mix and match to create the perfect cup, suiting your toddler's individual development needs.

Healthy development

Learning to drink independently is a key step in a child's development. We support children's journey towards independent drinking, helping to enable an easy transition from breast or bottle to open cup. Learning from health care professionals, our different solutions with teats, soft and hard spouts, straws and 360° drinking rims follow the development of your child and stimulate his newly acquired motor and drinking skills. Our premium quality solutions are of course BPA-free and developed with convenience and hygiene in mind.
