The One that cleans better

The One for on-the-go

The One without hassle

The One in multiple colors

HY1100/06

One up your brushing

The new electric One cleans your teeth better for a brighter, whiter smile. Wherever you go, this One goes with you. Its sleek, lightweight design and portable case makes it the perfect brush for you. Which color is your One?

Better brushing

- Power your brushing
- Good vibrations

Hassle-free

- Brush for 90 days with one battery
- Routine made easy with brushing guidance

Multiple colors

- A color for every style

Highlights

Good vibrations

Think of the One like a manual toothbrush that works harder and faster. 13,000 microvibrations per minute and contoured bristles gently clean your teeth for a whiter, brighter smile.

Routine made easy

Sometimes, we all need a little guidance. The One buzzes every 30 seconds encouraging you to move on to the next part of your mouth. A longer buzz at 2 minutes lets you know when the job is done.

A color for every style

From Miami to Midnight, Mango to Mint, choose the color to match your style. You can mix and match the brush head with the handle and create your own color combination.

Brush for 90 days

Brush with the One for 90 days on a single AAA battery. That's three months of whiter, brighter smiling.

Power your brushing

The One is a powered version of your manual toothbrush. A tiny motor inside the handle transforms each of the hundreds of soft bristles into micro-vibrating mini scrubbers that help to gently clean and whiten your teeth at the touch of a button.
