Ease your baby's transition to a drinking cup

The Natural trainer kit eases your baby into their first cup. The comfort grips help your baby hold the bottle independently while drinking from the familiar nipple.

Easy to combine breast and bottle feeding

- Natural latch on with breast-shaped nipple
- Nipple releases milk when baby actively drinks

Ideal first step to a drinking cup

- Soft touch trainer handles for little hands

Other benefits

- Designed to reduce colic and discomfort
- No-drip nipple design prevents spills and lost milk
- Compatible across the Philips Avent range
- Natural Response Nipples and Bottles are BPA free*

Other benefits

- Be patient as baby adjusts
- Choose the right nipple flow for your baby

Highlights

Ergonomic trainer handles

Trainer handles help your toddler to hold the cup and drink independently. These handles are shaped for little hands to grab easily and they are rubberized for a non-slip grip.

Natural Response Nipple

The Natural Response Nipple works with your baby's natural feeding rhythm, making it easy to combine breast feeding and bottle feeding. The nipple has a unique opening which only releases milk when the baby actively drinks. So when they pause to swallow and breathe, the milk pauses too.

Natural latch on

The wide, soft and flexible nipple is designed to mimic the shape and feel of a breast, helping baby to latch on and feed comfortably.

Anti-colic valve

Anti-colic valve is designed to keep air away from baby's tummy during feeding, to help reduce colic and discomfort.

No-drip nipple

The nipple opening is designed to release milk only when the baby is feeding. So you can confidently avoid milk loss whether at home or on the go.

Find the right nipple flow

Every baby feeds differently, and develops at their own pace. We've designed a range of flow rates so you can find the perfect one for your baby and personalize your bottle. All of the Natural Response Nipples are made of soft silicone.

Compatible across the range

Mix and match our breast pump, bottle and cup parts, and create the product that works for you, when you need it.

BPA free*

The Philips Avent Natural bottles and nipples are made of BPA free* material.

Be patient as baby adjusts

Our new Natural Response Baby Bottles are different from free-flow baby bottles. Just like breastfeeding, it could take a few tries to get it right. That's perfectly natural.
