Comfortable, clean shave

With SkinProtect Technology

Philips Shaver 3000X Series Wet & Dry Electric Shaver gives you a comfortable, clean shave and good value. 27 self-sharpening PowerCut Blades, wet and dry use, and a pop-up trimmer make the shaver easy to use and always reliable.

Easy to use

- Ergonomic grip for comfortable handling
- Pop-up trimmer for your mustache and sideburns
- Waterproof for easy cleaning or shower use
- 40 minutes of cordless shaving from a 1-hour charge
- One-touch open for easy cleaning
- Battery indicator to know when it's time to charge
- Convenient charging

A clean shave

- PowerCut Blades for a consistent, clean shave

Skin Protect technology

- Wet and dry shaving at the sink or in the shower
- 4D Flex Heads follow your face for a comfortable shave
- Anti-Corrosion Shaving System respects the skin

Sustainable

Highlights

PowerCut Blades

27 self-sharpening blades consistently cut each hair right above skin level for a smooth, even finish, every time. Our self-sharpening blades stay like new for 2 years.

Wet and dry shaving

Choose a convenient dry shave, or pair with your favorite foam or gel for a refreshing wet shave, even in the shower.

4D Flex Heads

Floating heads flex in four directions to maintain even contact with your skin protecting it from nicks & cuts.

Anti-Corrosion Shaving System

Our shaver blades are made from surgical-grade hypoallergenic steel to resist corrosion, prevent impurities, and protect your skin.

Pop-up trimmer

Refine and define your mustache and sideburns to complete your look with the pop-up trimmer.

One-touch open

The shaver head flips open at the touch of a button to rinse clean under running water.

40 minutes of cordless shaving (1h)

In just an hour, the durable NiMH battery is fully charged for about 13 shaves. In a hurry? A 5-minute quick charge gives you enough power for one shave.

Ergonomic grip

Never lose your grip. The ergonomic handle with rubber stays secure and comfortable, even when wet.

Battery indicator

Don't get caught with an empty battery. The battery indicator lets you know if the battery is low, empty, or charging.

USB-A Charging

At Philips, we drive sustainability in all aspects of product creation. Our ambition is to reduce waste and minimize the number of USB adaptors we put in the market. Should you need an adapter, a suitable supply unit is available via: www.philips.com/support
