- Product highlight: Philips LED lamps

Product description

- Application: Signaling and interior
- Base: W3x16d
- Designation: LED-White [~W21W]
- Homologation ECE: NO
- Range: Ultinon Pro3000
- Technology: LED
- Type: LED-White [~W21W]

Lifetime

- Life time: 3000 hrs

Light characteristics

- Lumens: 190
- Color temperature: 6000 K

Electrical characteristics

- Wattage: 1,75 W
- Voltage: 12 V

Ordering information

- Order entry: 11065U30CWB2
- Ordering code: 00684430

Packaging Data

- EAN1: 8719018006844
- EAN3: 8719018006851
- Packaging type: B2

Packed product information

- Gross weight per piece: 39.87 g
- Length: 9.5 cm
- Width: 1.5 cm
- Height: 13.5 cm
- Net weight per piece: 10 g
- Pack Quantity: 2
- MOQ (for professionals): 10

Outerpack information

- Length: 14.2 cm
- Width: 12.1 cm
- Height: 10.3 cm
- Gross weight per piece: 0.49 kg

Highlights

Bright and vibrant signals

Signaling the intended movement of your vehicle is vital to your safety. To avoid collisions, other people need to know what you're doing. And when poor weather reduces visibility, the need for bright and vibrant signaling becomes even greater. Philips Ultinon Pro3000 signaling lights provide you with a powerful daylight effect of up to 6000K, better illuminating the area immediately behind your car. And the more you can see, the safer you'll be.

Good light distribution

The Philips Ultinon Pro3000 LED exterior lighting range is designed for smarter light distribution to project exterior signaling light where you need it (whether that's reversing, stopping, or signaling). With wide-angle, uniform light, not only can you see more of the road, but other drivers can also see more of you.

Ready, steady, installed!

Enjoy the plug-and-play experience: Philips Ultinon Pro3000 comes with standard caps so replacement is easy and quick.

Long-lasting LED lighting

You want bright and stylish car lights, but you don't want to keep replacing failed lamps. That's a major weakness of conventional headlights - the more powerful the light, the shorter its lifespan. At the same light intensity, LEDs last much longer. Philips Ultinon Pro3000 LED lights are extremely durable with their lifetime of 3,000 hours.
