Type of lamp: D2S Pack of: 2, 85 V,35 W

# Highlights

## 6000K Flash white upgrade

Philips Ultinon HID (WX) lamps are designed for drivers who want a stunning styling effect for their cars. The 6000K brilliant white light makes the car truly stunning compared to others.

## Maximum safety with Xenon HID

Xenon HID (High Intensity Discharge) lamps offer twice as much light\* for safer driving in all conditions. The intense white light produced by the Xenon HID lamps is comparable to daylight. Studies have demonstrated that xenon automotive lighting helps drivers to concentrate on the road and to distinguish obstacles and road signs much faster than traditional lamps. \*compared to standard halogen bulbs

## Car manufacturers' choice

For 100 years, Philips has been at the forefront of the automotive lighting industry, introducing technological innovations that have become standard on modern automobiles. Today, one in two cars in Europe and one in three worldwide is equipped with Philips lighting.

## High quality quartz glass

UV-Quartz glass is stronger than hard glass and highly resistant to temperature extremes and vibrations, which eliminates the risk of explosion. Philips quartz-glass lamps (filament 2 650° C and glass 800° C) are able to withstand severe thermal shock. With the capability of increased pressure inside the lamp, UV-quartz glass is able to produce a more powerful light

## Resistance against humidity

Only a burning bulb made of quartz glass (filament 2650°c, glass 800°c) can resist thermal shocks : such as, if a drop of cold water touches the hot bulb, when you drive through water with a broken headlight unit.

## UV Resistant

Philips special anti-UV coating technology protects the headlights against harmful ultraviolet radiation, making Philips UV-coated quartz glass perfect for all driving conditions and ensures their longevity

# Specifications

## Marketing specifications

- Expected benefits: Whiter light
- Product highlight: 6000K

## Product description

- Application: Low beam
- Base: P32d-2
- Designation: D2S WX
- Homologation ECE: NO
- Marking ECE: N/A
- Range: Ultinon HID - WX, Ultinon HID (WX), Ultinon HID 6000K
- Technology: Xenon
- Type: D2S

## Lifetime

- Life time: B3/Tc = 1000/1500

## Light characteristics

- Light output: 2400 ±250 lm
- Color temperature: 5800 K

## Electrical characteristics

- Wattage: 35 W
- Voltage: 85 V

## Ordering information

- Ordering code: 37348628

## Packaging Data

- Packing: X2
- EAN1: 8727900373486
- EAN3: 8727900373493

## Packed product information

- Width: 16 cm
- Height: 7 cm
- Net weight per piece: 20,64 g
- Gross weight per piece: 115 g
- Length: 12,5 cm
- Pack Quantity / MOQ: 10

## Outerpack information

- Length: 35 cm
- Width: 17,5 cm
- Height: 14 cm
- Gross weight per piece: 1,15 kg
