Highlights

Unique robustness

Vision LED unique innovative design, provides high level unmatched robustness and vibration resistance for 12+ years lifespan. You will likely never have to replace your car lights again.

12-year limited warranty

We are so confident about our Vision LED lights that we supply them with a Philips 12-year limited warranty.

Light as convential bulbs

Vision LED light bulbs are the perfect replacement for your existing conventional incandescent bulbs. It provides a well-focused light beam on the road, similar to the original bulb, to assure a safe replacement.

* It is your own responsibility to ensure that the use of the LED retrofit lights complies with applicable local legal requirements.
