Highlights

bright white light

The new Philips Vision LED interior lights provide a 6000 K bright white light and a wide beam angle to illuminate your interior in style. This interior LED can be used for interior (dome light, boot, glove compartment) and number plate lighting applications.

Long-lasting LEDs

The Philips Vision LEDs are designed to outlast your car. They provide a perfect geometrical fit and their 12 year lifetime is simply unmatched.

25 lm of limitless LED power

Perfectly illuminated car interior and number plate with 25 lm of powerful LED light.

5500 K daylight white light

Whether installed in the car's interior or fitted to the number plate, the daylight white light with 5500 K colour temperature provides a sophisticated LED look to make your car stand out.

Homogenous light diffusion

Smartly designed frosted lens ensures the LED light is uniformly diffused in your car interior and on your number plate.

Outstanding robustness

High-class, robust design provides enhanced resistance to shocks and vibrations.
