Highlights

6000K Flash white upgrade
Philips Ultinon HID (WX) lamps are designed for drivers who want a stunning styling effect for their cars. The 6000K brillant white light makes the car truly stunning compared to others.

Maximum safety with Xenon HID
Xenon HID (High Intensity Discharge) lamps offer twice as much light* for safer driving in all conditions. The intense white light produced by the Xenon HID lamps is comparable to daylight. Studies have demonstrated that xenon automotive lighting helps drivers to concentrate on the road and to distinguish obstacles and road signs much faster than traditional lamps. *compared to standard halogen bulbs

Car manufacturers' choice

For 100 years, Philips has been at the forefront of the automotive lighting industry, introducing technological innovations that have become standard on modern automobiles. Today, one in two cars in Europe and one in three worldwide is equipped with Philips lighting.

High quality quartz glass

UV-Quartz glass is stronger than hard glass and highly resistant to temperature extremes and vibrations, which eliminates the risk of explosion. Philips quartz-glass lamps (filament 2 650° C and glass 800° C) are able to withstand severe thermal shock. With the capability of increased pressure inside the lamp, UV-quartz glass is able to produce a more powerful light

Resistance against humidity
Only a burning bulb made of quartz glass (filament 2650°c, glass 800°c) can resist thermal shocks : such as, if a drop of cold water touches the hot bulb, when you drive through water with a broken headlight unit.

UV Resistant

Philips special anti-UV coating technology protects the headlights against harmful ultraviolet radiation, making Philips UV-coated quartz glass perfect for all driving conditions and ensures their longevity

Specifications

Marketing specifications
- Product highlight: 6000K

Product description
- Range: Ultinon HID - WX, Ultinon HID

Lifetime
- Life time: B3/Tc = 800/1500

Light characteristics
- Lumens: 2300 lm

Technical specifications
- Voltage: 85 V
- Wattage: 35 W
- Base: PK32d-2
- Description: D1S 6000K
- Range: WX

Ordering information
- Order entry: 85410WXX2
- Ordering code: 37328828

Packaging Data
- Packing: X2
- EAN1: 8727900373288
- EAN3: 8727900373295

Issue date 2023-09-14

Version: 9.0.1
