PHILIPS

Highlights

Removable tap handle

Easy to remove the tap handle (child safe)

Real tap handle, metal kegs

Real tap handle, metal 6 l kegs

Front door loading

Fits under your kitchen cupboard.

Hygienic installation

All parts touching beer are renewed with every new keg, ensuring a hygienic experience and high-quality

beer. The Philips tap unit requires only surface cleaning.

Dishwasher proof drip tray

Removable dishwasher proof drip tray

30 days fresh, 3°C cold

30 days fresh beer, 3°C cold

Variety of beer brands

Personalise the appliance to your favourite beer brand with a variety of medallions to put on the handle. New medallions will be available in the webshop.

Robust design, solid insulation

The improved insulation offers a maximum operating temperature of 32°C.

Temperature, volume indication

The temperature indicator shows you when your beer is at the ideal drinking temperature of 3°C. The volume level indicator shows you how much beer is left in the keg. The beer freshness indicator shows you how long your beer will remain fresh.
