#### Smart and stylish design

- Modern design easily fits your home style

#### Worry-free to use and maintain

- Safety lock to avoid scalding
- Return from holiday cleaning mode
- BPA-free

# PHILIPS

## Highlights

### Sparkle Up!

Sparkle Up! Enjoy filtered and chilled tongue-fizzing sparkling water! The innovative carbonating lever gives you control when carbonating your freshly tapped water. Compatible with most common (screw fitting) Australian 60L CO2 cylinders.

### Chilled water

Ultra silent Duo Peltier cooling fans chill more than a liter ambient (25°C) water to as cold as 6°C in less than one hour.

### Hot water within seconds

Filtered hot water dispenses within seconds. Multiple temperatures available: Ambient, 40°, 70°, 80°, 90°, 100°c.

### Micro X-Clean Softening filter

Philips Micro X-Clean Softening+ filters improve the taste and quality of water by reducing chlorine, heavy metals and emerging contaminants such as microplastics and PFOA\*. The Softening+ filter also offers 50% more protection against limescale build-up. Enjoy crisp and pure tasting water!

### Built-in UV-C LED disinfection

UV-C LED technology activates every hour in the cold water tank, inhibiting bacteria growth in the freshly filtered water by up to 99.9%\*\*.

### Self-cleaning mode

Simply activate the self-cleaning mode to rinse the water pipes with hot water, so that you feel more confident about the hygiene of the system.

### Modern design

The modern and sleek design is perfect for anyone who favors style and simplicity.

### Safety lock

Safety lock is automatically activated when dispensing hot water

### BPA-free

All parts that come into direct contact with water are made of BPA-free materials.

## Specifications

### Filtration performance

- Chlorine reduction
- Pesticides reduction
- Water hardness reduction
- VOC reduction
- PFOA reduction
- Heavy metals reduction
- Filtration precision: Down to 5 micron
- Microplastics reduction
- Micro X-Clean Softening+ filter: 100L/1 month
- Stage of filtration: 4-stage

### Cooling Performance

- Cold water temperature: Down to 6! °C
- Cooling capacity: 1.0L per hour
- Cooling system: Duo peltier cooling

### Filter specifications

- Filter precision: 5-10 microns

### General specifications

- Voltage and frequency: 220V~ / 50Hz
- Applicable inlet water: Municipal tap water
- Product color: White
- Replacement filter cartridge: AWP230
- Inlet water temperature: 5-38 °C
- Rated pressure: 0.1MPa-0.4MPa
- UV sterilization
- Display: LED
- Tap water tank: 3.8L capacity
- Heating system: Instant heating
- Compatible CO2 cylinder type: Traditional screw fitting
- Carbonating bottle capacity: 0.5L; can fill in 0.42L - 0.45L for carbonation
- Carbonating bottle: ADD919

### Main parameters

- Color: White

### Service

- Warranty period: 2 years

Issue date 2023-11-30

Version: 20.20.1
