Powerful drying

- Fast drying, for professional results with 2100 W

ThermoShield technology

- ThermoShield technology, for ultimate heat protection

Highlights

Specifications

ThermoShield technology

The overheat detect sensor actively optimises and controls the air temperature, protecting your hair from damage** caused by overheating. Enjoy a stress-free drying experience with ThermoShield technology.

2100 W of power

This 2100 W professional hair dryer creates a powerful airflow. The resulting combination of power and speed makes the drying and styling experience quicker and easier.

2 x ionic care*

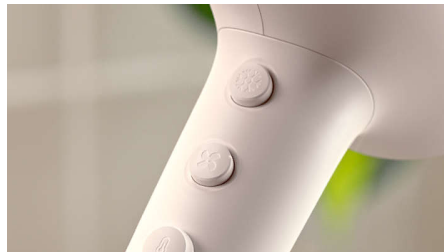

This powerful ionic system generates up to 40 million ions per drying session, intensifying your hair's shine, so you can enjoy glossy, frizz-free hair.

6 heat and speed settings

Easily pick the combination of heat and speed that works best for your hair and style. Six different settings ensure precise control for tailored styling.

Cool Shot

The Cool Shot button provides an intense burst of cool air. It is used after styling to finish and set the style.

14 mm styling nozzle

The slim nozzle precisely focuses the air for quick touch-ups and perfecting small details of your style.
