Easy and Effective to Use

- Large water tank requires you less refills
- Slim tip soleplate reaches easily in tricky areas
- Easy temperature control
- Comfortable handle with texturing for easy grip
- Vertical steam for hanging fabrics

Longer Lifetime and Sustainability

- Calc-clean solution
- Eco Mode for reduced power consumption

Safe and Hygienic

- Remove 99.99% bacteria** in 10 seconds

PHILIPS

Highlights

Power up to 2000W

Power up to 2000W enabling constant high steam output

Large water tank

250ml water tank lets you iron more garments with less refills

Comfortable handle

The texturing on the handle of the iron ensures a comfortable and ergonomic grip, so that your hand fits well and does not slip during ironing.

Variable steam setting

Continuous steam up to 20g/min and 90g of steam boost for fast crease removal.

Slim tip soleplate

The slim tip of the soleplate allows to reach easily in the most tricky areas, such as between the buttons, when making pleats and in the corners.

Calc-clean solution

Calc-clean for extending irons life

Non-stick soleplate

The soleplate of your Philips iron is coated with a special non-stick layer for good gliding performance on all fabrics.

Easy temperature control

An elevated temperature control and variable steam setting is easy to operate and precise. You will always have the right temperature and steam for your garment.

Vertical steam

Vertical steam function allows you to refresh garments right on the hanger and remove creases from hanging fabrics such as curtains. No ironing board required.
