PHILIPS

Mini projector
LED LCD Up to 60", Integrated battery, Built in speaker

NPX245/INT

Highlights

Advanced LED Light Source

The powerful LED light source displays rich, vivid colours and will last up to 30,000 hours. You won't need to replace it as it lasts 20 years with an average usage of 4 hours per day! Additionally, the power consumption is far lower than a regular lamp-based projector, which means you benefit from a bigger screen and fully immersive experience, all through an eco-friendly device!

Focus adjustment

Place your projector at any distance and adjust the focus to fine-tune images to your needs.

Project images up to 60"

Project images and videos up to 150 cm (60") from less than 2 metres from the wall.

Built-in Media Player

Pop your essentials in your hand with the integrated Media Player: Browse, watch all of your videos, listen to your music or share your latest holiday pictures.

Fully Connected

Connect any multimedia devices such as set top boxes, gaming consoles and streaming devices like Fire Stick or Apple TV with the USB, HDMI or MicroSD ports.

Make It smart!

Access to unlimited content by connecting to any smart gaming consoles or TV boxes like Fire Stick or Apple TV.

Built-in battery

Get entertainment on the go with the built-in battery providing up to 60 mins of power so you can watch movies and share videos without the hassle of wires or cables.

Entertainment on the go

Take it from room to room or to your friends.

Audio jack

Connect any headphones or external powered speakers with the built-in 3.5 jack.
