- Built-in speaker for captivating sound

Connect and Play

- Mini HDMI

PHILIPS

Mobile projector
Ultra-portable Up to 65", Mini HDMI, Built-in speaker and 3 h battery

Highlights

Advanced LED Light Source

The powerful LED light source displays rich, vivid colours and will last up to 30,000 hours. You won't need to replace it as it lasts 20 years with an average usage of 4 hours per day! Additionally, the power consumption is far lower than a regular lamp-based projector, which means you benefit from a bigger screen and fully immersive experience, all through an eco-friendly device!

Built-in 3 hour battery

Get entertainment on the go with the built-in battery providing up to 3 hours of projection.

Built-in speaker

No need for extra sound systems; the built-in speaker provides the performance you need in a small package.

Mini HDMI

Connect all of your favourite devices via HDMI like smart dongle or box, video game console, smartphones and more!

Pocket-size

A palm-size projector always in your pocket or bag, catering for on-the-go travellers and wilderness addicts. Throw huge images on any walls, ceilings, the ground and even on your tent!

Project images up to 65"

Entertainment in every room, project anything up to 65" (165cm) diagonally.
