- Box dimensions-H(mm): 90

Highlights

Easy to install

When installing Philips LED auxiliary light* on your vehicle, you may need an additional wire harness to securely connect and control the extra LED driving lights. This Philips LED wiring kit makes it easy to connect your Philips LED driving light to your vehicle's electrical system, giving you complete control over your new lamp.

Single lamp wiring harness kit

Includes 4-pin waterproof female DT connector plug, 3m cable, on/off switch, function switch, 12V relay, 5A, 10A and 15A fuses.

Long-lasting performance

This Philips LED wiring kit uses durable automotive-grade cables with a waterproof sealed relay, switch and connectors. It has been tested in the toughest conditions so you can enjoy long-lasting performance.
