

# Express more. Quickly.

# Enhanced efficiency from a manual breast pump

The unique Philips Avent BPA Free Manual Breast Pump SCF300/13 assures you enhanced efficiency, being clinically proven to express more milk than a hospital grade double electric breast pump\*.

### **Benefits and features:**

• With insulated travel bag and cool packs

# Helps you breastfeed longer

• More milk, naturally

# **Stimulate and Express**

- Soft massage cushions trigger natural let-down, like baby
- Gentle vacuum mimics baby's suckling for steady milk flow

# Flexible and portable

• Easy to assemble and use

# Highlights

### With insulated travel bag and cool packs

Everything you need to maintain your milk supply and to express and store your breast milk when away from your baby.

# Gentle-draw vacuum

The gentle-draw vacuum mimics baby's suckling to create a steady milk flow that requires less pumping.

# **Soft massage cushions**

Patented massage cushions of the Philips Avent breast pump flex in and out, replicating baby's suckling action and is intended to help stimulate a fast natural let down.

#### Easy to assemble and use

Quiet and portable.

# More milk, naturally

Expression allows breast milk to be available, even when you can't be there
