# Highlights

### Room Management

With our new Room Management feature, you can effortlessly set up and store up to 3 different rooms' parameters. Say goodbye to the hassle of constantly re-configuring your projector every time you switch from your living room to your bedroom. Enjoy seamless transitions between your favourite spaces, so you can spend less time tinkering with settings and more time enjoying your content. Integrated screw for ceiling mount.

### Seamless connection

Connect all your multimedia devices thanks to its HDMI (smartphone, tablet, laptop, gaming console and more).

### Digital Zoom

With digital zoom, you can adjust the size of the projected image without physically moving the projector or changing the lens. This makes it ideal for presentations, where you may need

to focus on different parts of a diagram or chart.

### True Full HD 1080p

Bring your entertainment to life with True Full HD 1080p - enjoy razor-sharp images, deep contrast and crystal-clear text for an unforgettable viewing experience.

### USB A power out

Our built-in USB port allows you to power on external devices such as Amazon Fire Stick, Chromecast or Roku without the need for an extra power adapter. Say goodbye to messy cables and multiple power outlets.

### 2.1 Powerful sound system

Thanks to its 2.1 audio system (two speakers and a subwoofer), immerse yourself in an exceptional sound sensation. Thanks to its 3.5mm jack output, connect your earphones for even bigger sound with speakers.

## NPX330/INT

### 4 corner Corrections

Powerful feature that gives you complete control over the projected image, ensuring that every detail is perfectly proportioned and free of distortions. Adjust each 4 corner and fit the projected image to your screen.

### Super silent

Fully engineered to improve airflow and heat dissipation while maintaining a compact design. Enhanced by the use of high-performance fans, it offers an unprecedented silence.

### Advanced LED Light Source

The powerful LED light source displays rich, vivid colours and will last up to 30,000 hours. You won't need to replace it as it lasts 20 years with an average usage of 4 hours per day! Additionally, the power consumption is far lower than a regular lamp-based projector, which means you benefit from a bigger screen and fully immersive experience, all through an eco-friendly device!

# Specifications

## Technology

- Display technology: LCD
- Light source: LED
- Brightness: up to 250 lumens\*
- Contrast ratio: 3000:1
- Resolution: 1920 x 1080 pixels
- Throw ratio: 1,4:1
- Aspect ratio: 16:9
