### Our softest soother for your baby's sensitive skin For fewer skinmarks and less skin irritation

Take care of sensitive skin with the Philips Avent ultra soft pacifier. Our super soft\* and flexible shield follows the curves of your baby's cheeks, leaving fewer skin marks and less skin irritation.

### Unique soft and flexible shield

- Soft, flexible shield
- Rounded shield

### Sterilize and store in one handy case

• Sterilize in 3 minutes for convenient sterilization

### Comfortable soft & silky nipple

- Nipple made of 100% food-grade silicone
- Natural oral development
- Natural feel for baby

#### **Quality assured**

• Designed and produced in the Netherlands

Pacifier SCF091/09

### Highlights

### Soft, flexible shield

Baby's skin needs extra care. Our shield technology lets this soother follow the natural curves of your baby's face. Your little one will experience fewer skinmarks and less irritation on its cheeks.

#### **Rounded shield**

Our rounded shield minimizes pressure on baby's cheeks for extra gentleness to the skin.

### Nipple made of 100% silicone

We choose consciously for silicone material for our ultra soft and ultra air nipples, since its a safe and inert material, widely used in medical applications, free of hazardous chemicals, endocrine active substances (e.g. BPA) and allergens.

### Orthodontic nipple

Our orthodontic, symmetrical soft silicone nipples are designed for natural oral development.

### Natural feel for baby

Our textured silicone nipple is designed to mimic the feel of moms breast.

#### Sterilize in 3 minutes

The travel case that comes with our ultra soft and ultra air pacifiers doubles as a sterilizer. All you need to do is add some water and pop it in the microwave. Then rest easy that it's clean for the next use.

#### **Produced in the Netherlands**

Our ultra soft and ultra air pacifiers are designed and produced in the Netherlands.
