BT3301/30

Define your style. Trim it to perfection.

Self-sharpening blades for precise styling

This trimmer is designed to give you precise even trimming results without effort. The innovative lift & trim technology position the hairs for a perfect trim while the self-sharpening stainless steel blades ensure long lasting performance.

Built to last

- Longer lasting battery lifetime
- 3 year* warranty, worldwide voltage, no oil needed

Skin-friendly and precise trimming experience

- Trims evenly and captures low-lying hairs
- Full control over your beard
- Skin-friendly rounded tips for smooth skin contact
- Get a perfect but protective trim

Easy and convenient use

- USB charging for convenient use
- Lights indicate when battery is low, empty, full or charging
- Cordless use for up to 60 mins
- Simple maintenance
- Easy to grip
