Specifications

Product description

- Boost mode activation: No
- Break resistance
- ECE R10
- ECE R149
- ECE reference number: 45
- Impact protection rating (IK): IK07
- Ingress protection rating (IP): IP68 & IP69K
- Installation angle: 360°
- Material: Aluminum extruded
- Offroad boost: No
- One-piece body design
- Operating temperature: -40° C to 80° C
- Range: Ultinon Drive 51000
- Scratch resistant lens
- Technology: LED
- Width: 215 mm / 9 inch
- Boost function installation: No
- Accessories (optional): LUMUD1003W, LUMUD1004W
- corrosion-free brackets: U shape mounting bracket
- ECE R148
- Parking position light: Yes, white or amber
- Plug type: 4-pin DT Connector with 0.5m cable

Light characteristics

- Color temperature: 6500 K K

- Beam length 1 lux-m: 390
- Effective lumen output: 8000 lumens
- Raw lumen output: 17000 lumens

Electrical characteristics

- Voltage: 9-30 Volt DC

Ordering information

- Order entry: UD5001RX1
- GOC: 01850233

Packaging Data

- EAN1: 8719018018502
- EAN3: 8719018018519

Packed product information

- MOQ (for professionals): 2
- Box dimensions-L(mm): 362
- Box dimensions-W(mm): 105
- Box dimensions-H(mm): 90
- Number of product in the box: 1 lamp

Outerpack information

- Length: 380 cm
- Width: 200 cm
- Height: 230 cm

Highlights

Up to 410-meter visibility

The Philips Ultinon Drive 5101R LED driving light provides a brilliant light beam that illuminates the road ahead for up to 410 meters*. Its effective 5900 lumens generate intense illumination far and wide. This enables drivers to react faster on dark, rural and dirt roads. Its cool light color of 6500 Kelvin produces daylight conditions, improving contrast and helping drivers stay focused.

Brilliant-white or -amber LED

Never go unnoticed on side roads or in parking areas with the extra LED position lights of our Philips Ultinon Drive 5001R. Express your style and personality by choosing your light color, either intense amber or cool white.

Sturdy one-piece body

The Philips Ultinon Drive 5001R LED driving light is built in a single piece to withstand the toughest conditions. Its design provides excellent heat management and consistently high light output throughout your journey. Rated IK07, it is shock-resistant to ensure faultless performance on and off the road. Its unbreakable polycarbonate lens can take any hit without damage or scratches.

Corrosion-free brackets

With its anodised pre-treated and automotive-grade powder-top-coat bodies, the Philips Ultinon Drive UD5001R LED driving light offers ultimate corrosion protection. Its mounting brackets are made of stainless steel, which is corrosion-free. It can withstand snow, ice and even salt. Built from durable, high-quality materials, your Philips auxiliary LED light will provide years of reliable service.

Road-legal lights

The Philips Ultinon Drive 5001R LED driving light meets ECE-R149 standards and is 100% road-legal for high-beam and position-light functions. For added safety, Philips LED driving lights are tested to EMC R10 specification to ensure they will function smoothly with your vehicle's electrical systems.

Waterproof for durable light

With its ingenious screwless design, the Philips Ultinon Drive 5001R LED driving light can withstand the wettest conditions. Its IP69K certification means it will perform, wherever your road leads and whatever the weather. And it will be more than a match for any power washer you use to clean your car afterwards.
