Buddy up, brush together, build great habits

First step to better brushing

With Philips One For Kids by Sonicare, your little one can learn how to brush every part of their mouth for the recommended 2 minutes. The gentle pulse reminders and fun design help them to switch easily from manual to electric brushing.

Designed around your child

- Brush for 90 days with a single AAA battery
- Specially designed to protect kids' teeth and gums
- Comfortable cleaning as they learn to brush

Building fun and healthy habits

- The first step to build healthy lifelong habits
- A dash of joy in your child's bathroom space
- Make good brushing habits stick
