One up your brushing

Easy-to-switch replaceable brush heads for your new electric One. To keep your brush fresh, change it every 90 days. Which color is your One?

Better brushing

- Power your brushing

Hassle-free

- Brush for 90 days with one battery

Multiple colors

- A color for every style

Highlights

Power your brushing

The One is a powered version of your manual toothbrush. A tiny motor inside the handle transforms each of the hundreds of soft bristles into micro-vibrating mini scrubbers that help to gently clean and whiten your teeth at the touch of a button.

A color for every style

Choose the color to match your style. You can mix and match the brush head with the handle and create your own color combination.

Brush for 90 days

Brush with the One for 90 days on a single AAA battery. That's three months of whiter, brighter smiling.
