GC4516/20

Faster*, Easier and Smarter

More effective calc clean with calc container

The Philips steam iron Azur Performer Plus combines powerful performance with ease of use. The built-in calc container provides effective calc removal for long-lasting steam performance, auto steam control and SteamGlide Plus soleplate .

Comfortable ironing

- Auto Steam Control for the right steam for each garment
- Optimal weight for easier manoeuvrability over your garments
- Triple precision tip for optimal control and visibility

Easy gliding on all fabrics

- SteamGlide Plus soleplate: Our best gliding, faster ironing

Fast and powerful performance

- Steam output of up to 45 g/min for better crease removal
- 2400 W for quick iron heat-up
- Steam boost up to 190g

Calc solution

- Built-In calc container collects calc during ironing
- Self-Clean for effective calc removal

PHILIPS

Highlights

2400 W for quick heat-up

With 2400 W, the Azur Performer Plus steam iron will heat up quickly and give a powerful performance to deliver super ironing results.

Auto Steam Control

Auto Steam Control takes away the worry of selecting the amount of steam you need. Just select the temperature for the garments you're ironing and off you go.

Built-In calc container

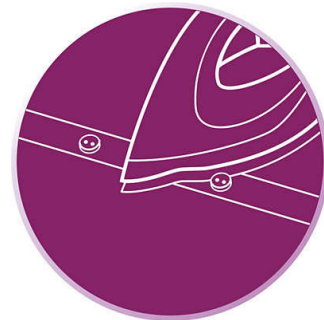

Our specially designed and built-in calc container collects calc particles during ironing. The Self Clean process flushes the calc out of the iron to maintain consistent ironing performance day after day.

Steam up to 45 g/min

Continuous steam output of up to 45 g/min gives you the perfect amount of steam to efficiently remove all creases.

Triple Precision Tip

The pointed tip on the Philips Azur Performer is very precise in 3 ways: it has a pointed tip, a button groove and a sleek nose design. The Triple Precision tip enables you to reach into even the trickiest areas, e.g. around buttons or between pleats.

Self-Clean

In addition to the built-in calc container, the self-clean function of your soleplate will remove the most stubborn calc. A clean soleplate will improve your steam performance and ironing results.

SteamGlide Plus soleplate

Our best-gliding SteamGlide Plus soleplate to whizz through your ironing. The carefully designed vents ensure a well-balanced steam distribution.

Optimal weight

The iron has an optimal weight for moving easily over any garment, making ironing less of a hassle and making it easy to move the iron constantly between the board and its heel rest.

Steam boost up to 190g

Steam boost up to 190g for fast removal of even the most stubborn creases.
