# Highlights

## Up to 4 shades whiter smile

Choose the shade you want. Take your teeth whitening into your own hands for a smile anywhere up to 4 shades whiter.

## Little-to-no sensitivity\*

Our dentist-developed gel formula is backed by expertise, and proven safe on enamel and gentle on teeth\*. User trials and testing participants report little or no sensitivity. Proven safe on enamel.

## Dentist-developed gel

Our innovative gel contains molecules that whiten teeth from the inside and remove years of intrinsic stain build up from wine, coffee and tobacco. Clinically proven to whiten up to 4 shades. First results in as little as 3 days. Full results after 9 days.

## Dual-barrel technology

Our dual syringe applicator keeps gel ingredients separate, so each dose is freshly mixed when needed. Each refill applicator has 3 doses and an indicator that helps you use the right amount of gel each time. Expert results without the hassle. Refills must be used with Philips Sonicare mold trays.
