Highlights

0-30 mins adjustable

0-30 mins adjustable period to keep pressure

14 foods recipes

14 foods recipes

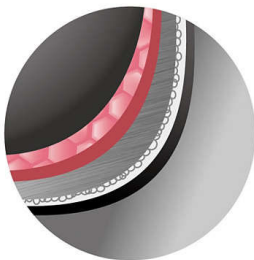

Safety auto pressure release

In case of abnormal high pressure inside the cooker, steam will be released automatically from the pressure regulator valve to ensure safety.

Automatic keep warm keeps good

Automatic keep warm keeps goods fresh for 6 hours

Durable & non-stick inner pot

Aluminum alloy inner pot is durable and offers more effective heat conduction. Special colored Whitford golden coating is anti-scratch and non-stick.

Sensible valve

Sensible valve locks up upper lid under high pressure

Stainless steel outer shell

Stainless steel outer shell is exquisite and easy-to-clean

Turn the knob to select menu

Turn the knob to select menu listed around

Easy-to-program timer

Easy-to-program timer. When the Intelligent Multi-function cooker starts to keep pressure, the timer begins to count down. When the time is up, the Intelligent Multi-function cooker switches to keep-warm automatically.
