Easily removes creases

- Power up to 2300 W enabling constant high steam output
- Steam boost up to 120 g
- Continuous steam output up to 35 g/min
- Ceramic soleplate for better gliding performance
- Vertical steam for crease removal in hanging fabrics

PHILIPS

Steam iron

Steam 35g/min; 120g steam boost Ceramic soleplate, Safety Auto off + Anti-calc, 2300 Watts

GC2048/80

Highlights

Power up to 2300 W

Power up to 2300 W enables constant high steam output.

Steam boost

The iron's 120 g steam boost enables you to easily remove even the most stubborn creases.

Steam output up to 35 g/min

Continuous steam output of up to 35 g/min gives you the perfect amount of steam to efficiently remove all creases.

Ceramic soleplate

Ceramic soleplate is scratch-resistant, glides well and is easy to clean.

Vertical steam

This Philips iron has a vertical steam function, for crease removal in hanging fabrics.

Calc clean slider

This steam iron can be operated with normal tap water, and the calc clean slider makes it easy to remove any built-up scale from your

iron. To maintain the performance of your Philips steam iron, you should use this scale clean function once a month when using normal tap water.

Automatic shut-off

The iron shuts off automatically when left unattended. If it is left on its heelrest it will switch off in 8 minutes. When left on the soleplate or on the side, it only takes 30 seconds before the iron shuts off.

Robust heel rest

This iron features a specially designed extra-large heel rest, which gives extra stability when it is put in a vertical position.

Drip stop system

Drip-Stop system lets you iron delicate fabrics at low temperatures without having to worry about stains from water droplets.
