Specifications

Marketing specifications

- Expected benefits: Portable LED inspection tool

Product description

- Hook: Standard clip
- Impact protection rating (IK): IK06
- Ingress protection rating (IP): IP20
- Magnet: 1 magnet
- Materials & finishing: Robust ABS
- Operating temperature: 0°C to 40°C
- Pointing light
- Range: Xperion 3000
- Resistant to: grease, oil, workshop solvents
- Technology: LED
- UV leak detector: No

Light characteristics

- Color temperature: 6000 K
- LED lifetime: 10,000 hour(s)
- Light output (pointer): 50 lumen
- Beam angle: 80°
- Light output: 100 lumen

Electrical characteristics

- Wattage: 1,4 W
- Voltage: 3,7 V
- Battery capacity: 800 mAh
- Battery run time (boost): Up to 4 hours

- Battery run time (eco): Up to 6 hours (Spot Light)
- Battery type: Li-ion battery
- Plug type: Plug not included
- Charging cable type: USB-C cable
- Battery charging time: Up to 2.2 hours
- Power Source: Li-ion battery

Ordering information

- Order entry: X30PENX1
- Ordering code: 02488631

Packaging Data

- EAN1: 8719018024886
- EAN3: 8719018024893

Packed product information

- Length: 18 cm
- Width: 5,4 cm
- Height: 4 cm
- Pack Quantity / MOQ: 6
- Weight with batteries: 55 g
- Cable length: 100 cm USB-C cable

Outerpack information

- Length: 19,5 cm
- Width: 14 cm
- Height: 13 cm
- Gross weight per piece: 0,847 g

Highlights

Bright, comfortable work light

Whether you're in your garage, completing some DIY, or trying to fix an appliance, it's always handy to have a small lamp tucked into your pocket. With its dual light modes, the Philips Xperion 3000 Penlight lights up what you're working on, so you can see the details you need to get the job done quickly.

Light modes for multiple needs

The Philips Xperion 3000 Penlight is designed to be ready for action. A single charge provides enough energy for all the daily inspection tasks: up to 4 hours in Eco mode, 2 hours in Boost mode, and 3.5 hours with the torch beam. Powered by a powerful Li-ion battery, the Philips Xperion 3000 Penlight can be fully charged within 2 hours via USB-C, ensuring maximum usage of its bright LED light.

Battery-status indicator

See when the battery needs charging. The Philips Xperion 3000 Penlight features a battery-status indicator showing how long the work lamp can function before the battery runs down entirely. Never again run out of power in the middle of a job.

Enables hands-free working

The ergonomically shaped body of the Philips Xperion 3000 Penlight allows you to hold this work light securely. If you need both hands free for work, position the light using its two strong magnets, one on the rotatable clip and the other on the bottom of the lamp. The power button is located on the back to ensure the light does not shine directly into your eyes when you turn it on.
