Highlights

Comfortable warm footbath

Three levels of constant temperature heating: 40C, 43C, and 46C. Built-in 800W heater, fast heating without waiting for a long time. When you get home, turn on the foot massager and the water will be warm in just the time it takes you to put on comfortable home clothes.

Electric massage turntables

The soles and arches of the feet are equipped with 4 electric turntables for rotating and kneading. The turntables are removable, so they can be easily cleaned and less likely to trap dirt. Equipped with 2 bump disks at the heel, it gently stimulates and relax muscles. You can easily relieve foot fatigue.

Bubble massage

There are 2 nozzles at the bottom of the massager. Pressurized water jets pour upward from the nozzles, allowing the water bubbles to hit the entire foot. Even the calves can enjoy the spa.

Foldable design

Folding design, it is only 12.5cm thick when folded, occupying approximately 0.11m. It can be easily placed in a small room. Just pull and press to open up your little world of foot relaxation.

Magnetic remote control

Equipped with a remote control, you can adjust massage modes and massage functions without bending. Magnetic suction technology makes the remote control less likely to be lost.

Scientific timed massage

After the water is heated to the set temperature, the massage turntables start to knead the feet and the massager calculates the massage time. It will automatically shut down when 30 minutes is reached to reduce the discomfort caused by excessive massage.

Triple protection

Triple protection for safer use. The first protection: separation of water and electricity. DPS double insulated heating tube to prevent leakage of electricity. The second protection: leakage protection. Equipped with a leakage protection switch to achieve emergency automatic power outage within 0.1 seconds in case of accidents. The third protection: Over temperature protection. When the water temperature is above 50 , the massager will automatically stops heating with a warning voice reminds.
