GC6740

Iron faster with 2 x more steam*

Powerful, continuous steam works faster than a steam iron, with an easy-to-refill water tank and quick heating up. Compact and lightweight for easy storage.

Fast and powerful

- Calc-clean container included — no cartridges, no extra cost
- Ceramic soleplate for durability and easy gliding
- Powerful steam for ultimate crease removal

Compact and convenient

- Lightweight and compact for easy use and storage
- Carry lock for safe and easy transport
- Automatic shut-off when the iron is left unattended
- Large tank for long use

PHILIPS

Highlights

Compact and convenient

The lightweight, compact size is perfect for storage and fits conveniently on your ironing board. Exclusive ProVelocity technology makes our steam generators smaller and more compact than ever.

Smart descaling

Our built-in descaling system, Smart Calc Clean, reminds you when you need to descale. It also includes a container to make descaling easy. This means no cartridges are required and there are no additional costs.

Ceramic soleplate

Our durable ceramic soleplate glides well on all garments. It is non-stick, scratch-resistant and simple to keep clean.

Ultra-powerful steam

Strong, continuous steam tackles even the thickest fabrics with ease. Watch stubborn creases melt away with an extra steam boost just where you need it. This extra steam is perfect for vertical steaming to refresh clothes and curtains, too.

Safety carry lock

Lock your iron securely to the base station for easy carrying around the house and to reduce

the risk of accidentally touching the hot soleplate.

Auto shut-off

The automatic shut-off function automatically switches off your steam generator iron if it has not been used for a few minutes. This saves energy and gives you peace of mind.

1.5 l water tank

A 1.5-litre transparent tank gives you more than 1 hour of continuous use. See clearly how much water is left and refill easily at any time under the tap through the large filling door.

Specifications

Storage

- Carry lock: For transportation and safety
- Cord storage: Cord storage compartment
- Hose storage: Hose storage compartment

Easy to use

- Water tank capacity: 1500 ml
- Soleplate gliding performance: 3 stars
- Safety auto off
- Soleplate name: Ceramic
- Refill anytime during use
- Tap water suitable
- Power cord length: 1.65 m
- Hose length: 1.6 m
- Ready to use: Light indicator, Sound indicator
- Soleplate scratch resistance: 3 stars
