## Turn up your viewing experience

 with Pixel PlusExperience the superior picture quality of this excellent integrated HDTV with the latest LCD technology and Pixel Plus. It's packed into a stunning design that will complement your interior. Share music and photos via the built-in USB.

Breathtaking natural pictures

- HD LCD WXGA display, with a $1366 \times 768$ p resolution
- Integrated HDTV and CableCARD for unrivalled picture quality
- Enjoy HDTV that's truer than anything you've seen before
- Pixel Plus for detail, depth and clarity
- Progressive Scan component video for optimized image quality

Leading interface for digital quality audio/video

- HDMI input for full digital HD connection in one cable

Stylish design

- Matching stand with elegant design included

One touch convenience

- Plug \& Play for easier installation

Access your digital content

- USB Connector for easy, instant multimedia playing

## LCD WXGA display, $1366 \times 768 p$

This WXGA display with state-of-the-art LCD screen technology gives you widescreen HD resolution of $1366 \times 768$ p pixels. It produces brilliant flicker-free progressive scan pictures with optimum brightness and superb colors. This vibrant and sharp image will provide you with an enhanced viewing experience.

## Digital Cable Ready

The CableCARD is a removable card distributed by the cable providers that is inserted in the TV. This enables the "Plug-and-Play DTV" functionality as agreed between cable operators and consumer electronics manufacturers. It allows the decoding of encrypted or scrambled content delivered from the cable system. CableCARD functionality includes conditional access and copy protection. A CableCARDenabled television without a CableCARD inserted receives high-definition standard TV broadcasts. When a CableCARD is inserted, the television receives high-value high-definition, cable programming.

## HDTV

HDTV delivers exceptional picture quality and real movie-viewing experience that makes television more dynamic, truer than anything you've seen before. It is the latest and best television signal available. It features picture quality more than twice that of traditional analog broadcasts. In order to effectively maximize the HDTV signal, a television must incorporate advanced signal input connectivity and circuitry design.

## Pixel Plus

Pixel Plus is a digital picture processing technology that increases the number of lines and the number of pixels. The result is razor sharp pictures with incredible detail and depth, every time from any source.

Progressive Scan

Progressive Scan doubles the vertical resolution of the image resulting in a noticeably sharper picture. Instead of sending a field comprising the odd lines to the screen first, followed by the field with the even lines, both fields are written at one time. A full image is created instantaneously, using the maximum resolution. At such a speed, your eye perceives a sharper picture with no line structure.

## Bypacked tabletop stand

A table-top stand with matching design is packed with the set.

## Plug \& Play

Plug \& Play gives you the ability to install or add a new component and have it work without having to perform any complex installation procedure or technical analysis.

## USB Multimedia Connector

The USB connector allows access to multimedia jpg, mp3 and alb files of most USB-sticks and most digital cameras (USB 1.1 memory-class device). Plug the USB into the slot at the side of the TV and access your photos or music files. This makes you easily viewing and sharing your photos and music.

HDMI input

HDMI makes an uncompressed digital RGB connection from the source to the screen. By eliminating conversion to an analog signal, it delivers an unblemished image. The nondegraded signal reduces flicker and leads to a clearer picture. HDMI intelligently communicates the highest output resolution with the source device. The HDMI input is fully backward compatible with DVI sources but includes digital audio. HDMI uses HDCP copy protection.

## Specifications

## Picture/Display

- Aspect ratio: 16:9
- Response time (typical): 8 ms
- Diagonal screen size (inch): 37 inch
- Diagonal screen size (metric): 94 cm
- Panel resolution: $1366 \times 768$ p
- Picture enhancement: Pixel Plus, Progressive scan, Active Control + Light sensor, 3/2-2/2 motion pull down, Widescreen Plus, 3D Combfilter, Contrast Plus
- Brightness: $550 \mathrm{~cd} / \mathrm{m}^{2}$
- Dynamic screen contrast: 800:1
- Color cabinet: Bicolour Black and Pearl White Silver
- Display screen type: LCD WXGA Active Matrix TFT
- Viewing angle: $176^{\circ}(\mathrm{H}) / 176^{\circ}(\mathrm{V})$
- Screen enhancement: Anti ageing circuit, AntiReflection coated screen

Supported Display Resolution

- Computer formats: $640 \times 480,60 \mathrm{~Hz}, 800 \times 600$, $60 \mathrm{~Hz}, 1024 \times 768,60 \mathrm{~Hz}, 1366 \times 768,60 \mathrm{~Hz}$
- Video Formats: $640 \times 480 \mathrm{i}-1$ Fh, $640 \times 480 \mathrm{p}-2 \mathrm{Fh}$, $720 \times 576 i-1 F h, 720 \times 576 p-2 F h, 1280 \times 720 p-$ $3 \mathrm{Fh}, 1920 \times 1080 \mathrm{i}-2 \mathrm{Fh}$

Sound

- Output power (RMS): $2 \times 15 \mathrm{~W}$
- Sound System: Virtual Dolby Digital
- Sound Enhancement: Smart Sound, Auto Volume Leveler, Digital Signal Processing, Dynamic Bass Enhancement, Graphic Equaliser

Loudspeakers

- Built-in speakers: 2

Convenience

- Child Protection: Child Lock+Parental Control
- Clock: Smart Clock
- Ease of Use: On Screen Display, Side Control, Smart Picture, Channel list, Smart Sound, Delta Volume per preset
- Remote Control: Amp, DVD-R, Multi-functional, Sat, VCR, DVD
- Screen Format Adjustments: 7 Widescreen Modes, Auto Format, Subtitle and Heading Shift
- Ease of Installation: Autostore, PLL Digital Tuning,

Plug \& Play, Automatic Tuning System (ATS)

- Remote control type: RC4345/01
- Teletext: Closed Captioning Full Text
- Picture in Picture: HDMI-Component PIP

## Multimedia Applications

- Multimedia connections: USB memory class device
- Playback Formats: JPEG Still pictures, MP3,

Slideshow files (.alb)

- Digital Content Management: Digital Media Reader

Tuner/Reception/Transmission

- Aerial Input: 75 ohm F-type
- TV system: ATSC, NTSC
- Video Playback: NTSC
- Cable: Digital Cable Ready CableCARD, Unscrambled Digital Cable QAM

## Connectivity

- Other connections: Cable Card Interface, Monitor out, CVBS, L/R (cinch), S/PDIF in (coaxial), S/PDIF out (coaxial)
- AV 1: Audio L/R in, CVBS in, RGB+H/V, S-Video Y/ C, YPbPr, Component Video in, (1, 2, 3Fh
autoranging), $\mathrm{Y} / \mathrm{C}$
- AV 2: Audio L/R in, CVBS, S-Video
- AV 3: S/PDIF digital coaxial, YPbPr, (1, 2, 3Fh autoranging)
- AV 4: HDMI
- AV 5: HDMI
- Front / Side connections: Audio L/R in, CVBS in, Headphone Out, S-video in, USB 1.1

## Power

- Mains power: AC 108-132 V, 60 Hz
- Power consumption: 185 W
- Standby power consumption: \< 2 W
- Ambient temperature: $5^{\circ} \mathrm{C}$ to $40^{\circ} \mathrm{C}$

Dimensions

- Set Height: 610 mm
- Set Width: 1105 mm
- Set Depth: 97 mm
- Product weight (b): 66.15 lb
- Wall mount compatible: $800 \times 400 \mathrm{~mm}$
- Weight incl. Packaging: 32 kg
- Product dimension (W×DxH) inch: $3.8 \times 24 \times 43.6$ inch inch
- Product weight: 24 kg

## Accessories

- Included accessories: Table top stand

## Rear connectors
