Ideal for newborns and preemies*

Easy to combine with breastfeeding

Our Natural 2 oz bottle provides the ideal food amount for newborns and preemies*. Designed with the First Flow nipple, it has a slower, more controlled flow rate. The soft, textured, wide-shaped nipple more closely resembles the breast.

Easy to combine breast and bottle feeding

- Natural latch on due to the wide breast shaped nipple
- This bottle is BPA free

A more comfortable and contented feed for baby

- Unique Petals for a soft, flexible nipple without collapse

Vents air away from your baby's tummy

- Advanced anti-colic system with innovative twin valve

Easy to hold and grip in any direction

- Ergonomic shape for maximum comfort
- Simple to use and clean, quick and easy assembly

Ideal for newborns and preemies

- Slower flow nipple
- Smaller 2oz/60ml bottle designed for newborn feedings
- Soft, textured nipple

Highlights

2oz/60ml bottle container

A smaller size bottle to help ensure the appropriate amount for baby's smaller tummy

Slower flow nipple

A smaller hole size delivers a more controlled flow rate for slower drinking babies. The Natural First nipple is the ideal flow rate to start bottle feeding your baby.

Soft, textured nipple

The softer, textured teat more closely resembles the breast.

Advanced anti-colic valve

Innovative twin valve designed to reduce colic and discomfort by venting air into the bottle and not baby's tummy.

Natural latch on

The wide breast shaped nipple promotes natural latch on similar to the breast, making it easy for your baby to combine breast and bottle feeding.

Simple to use and clean

Wide bottle neck makes filling and cleaning easy. Only a few parts for quick and simple assembly.

Unique comfort petals

Petals inside the nipple increase softness and flexibility without nipple collapse. Your baby will enjoy a more comfortable and contented feed.

Ergonomic shape

Due to the unique shape, the bottle is easy to hold and grip in any direction for maximum comfort, even for baby's tiny hands.

This bottle is BPA free

The new Philips Avent Natural bottle is made of BPA free material (polypropylene)
