Bottle feeding made easy

Clean and sterilise your bottles and teats, feed your baby and keep your bottles cold or warm when travelling, thanks to the Philips Avent Bottle Feeding Essentials Set.

Feed

- Bottles clinically proven to reduce colic

Clean & Sterilise

- Curved brush head and moulded tip
- Microwave steam steriliser

Travel

- Milk powder dispenser
- Neoprene ThermaBag (Black)

Highlights

Microwave steam steriliser

Compact and lightweight (fits most microwaves); convenient for travel; large capacity (holds 6 Philips Avent bottles); ultra fast; easy to use (just add water, load and place in the microwave); safe, easy handling (side grips close the lid securely)

Bottles clinically proven

Unique anti-colic system consists of the Philips Avent teat and adaptor ring allowing air to flow into the bottle instead of your baby's tummy for better digestion.*

Neoprene ThermaBag (Black)

Holds 2 Philips Avent Bottles, 2 toddler cups or 4 storage cups and ensures bottles stay warm or cool (storage of cold expressed breast milk/formula or pre-boiled hot water for up to 4 hours).

Milk powder dispenser

This handy little unit carries 3 pre-measured portions of milk powder in separate compartments. When you're ready to feed, just pour the powder into the bottle of pre-boiled cooled water. Remove inner sections to use as a bowl or container.

Bottle and teat brush

Specially curved brush head and moulded handle-tip reach the corners of all types of bottles, teats and feeding equipment for thorough cleaning.
