

PHILIPS

Tongs for teat

SCF941

 Product Picture

For handling teats hygienically

Find matching products on the specifications tab

Teats may be hot when removed from the steriliser. These Philips Avent teat tongs fit on the finger and thumb of one hand and allow you to grip the teat without touching it. A handy tool to keep teats sterile!

Ease of using Philips spare parts

- Easily renew your product with original Philips parts

Highlights

Easy replacement of product parts

From time to time your product needs a facelift, and with Philips consumer replacement parts to renew your product, it's never been so easy! All this with guaranteed Philips quality.

Specifications

Replaceable part
