Highlights

3m cable

A handy cable length to make it easier for you to move freely around while using your headphones.

40 mm speaker driver

The 40 mm speaker driver is made of a composite mylar material for a highly sensitive yet powerful element that delivers sound without audible distortion.

Ergonomically shaped cushions

The ergonomic earcushion shape and luxurious materials ensure a more comfortable fit and better bass performance thanks to reduced audio leakage.

Single-sided cable

The cable is conveniently connected to just one side, considerably reducing the risk of tangling and simplifying winding the cable up for storage.

Easy adjustable headband

The easily adjustable mechanism provides a comfortable close fitting acoustic seal between the ear cushion and ear, ensuring optimal performance.
