# Highlights

## Washable

Constructed with water proof materials allowing you to wash your headphones under running tap water

## Sweat proof

Designed with a water resistant seal to protect your headphones from sweat related damage

## Customizable ear hooks

Customizable ear hooks for enhanced fit - designed for sports

## Bass thumping stereo sound

Acoustics finely tuned to enhance the sporting experience - fuel for your workout

## 3-size ultra-soft silicon caps

The 3 sizes of ultra-soft silicon caps of these Philips earphones sit comfortably in your ears without adding pressure to them whilst blocking out unwanted noise.

## Cable clip

Clip helps fix cable securely

## Sound Isolation

With sound isolation, you will hear and enjoy greater music details at a lower volume than is

possible with normal headphones. Based on thorough understanding of the human ear canal anatomy, the sound isolation earphone's angled acoustic design creates a perfect seal between the ambient sound source and the ear canal, thus eliminating unwanted background noise while delivering sound directly to your ears. Even at a moderate volume setting, you can still discern music details without noise distractions from the environment. Earphone sleeves are available in three sizes to provide the best fit.

## 1.2m cable

The ideal cable length to give you the freedom to put your audio device where you want.

## Free ActionFit application

Keep track of your fitness regimen with this smart, simple and free app - created by Philips just for you. The ActionFit app lets you create customized workouts that include time, distance and calorie goals - and you can even assign your favorite music to each target. Once you've completed your workout, use the app to share your results with friends on Twitter and Facebook. You'll need GPS for your distance and calorie goals, so download it for free from the App Store - and you're good to go!
